9th-12th

Product Description

This high school health and nutrition curriculum explores the physical, social, mental, and spiritual concepts that are needed for a healthy lifestyle. With detailed illustrations and photos, clear explanations, and enhanced readability, *Exploring Creation with Health and Nutrition, 2nd edition* covers what maturing students need to know to help them make the best choices they can for themselves as they become young adults. With new and updated content, the 2nd edition continues to illuminate for students that health is about stewardship: managing what you have as well as you can. This

15-module course Basic Set includes both a softcover textbook and a spiral bound notebook. The answer key and exams are included at the online Apologia Book Extras site. This course is for high school credit (1 or 2 semesters tailored to your needs).

Author Biography

Dr. Laura Chase

Laura Chase has a degree in biology from Wheaton College and doctorate in dental surgery from Loyola University, Chicago. She is the author of Apologia's *Exploring Creation with Health and Nutrition* curriculum.

Laura and her husband, Phil, have raised ten children, and they've been homeschooling since 1989. So what happened to dentistry? Laura says, "What a joy my life has been! Anybody can fill cavities in teeth. I have the best career of all."
